## outdoor

Outdoor ceremonies include the use of our french bistro chair.

## ballroom flip

After your ceremony (during cocktail hour) our staff will “flip” the room from a ceremony setup to a dinner setup. To save on time, we may pre-set a few tables near the back of the room. We highly recommend planning easy “drop and go” centerpieces (our staff will be happy to set these out). If your centerpieces involve a heavier setup (floating candles, many candles, loose greenery), please make sure your florist is available to help set these up during the flip. Indoor ballroom ceremonies feature our white Crossback Chairs.

## foyer

The foyer ceremony is another beautiful indoor ceremony location featuring our French Bistro Chairs. We recommend this option for guest counts under 140 people. Please keep in mind that this option is not available between the end of November and mid January, as our large tree is placed in the foyer for the Holidays.
